HARROWING EXODUS OF JEWS

TWO AUTO DRIVERS BROUGHT TO JUSTICE

CHAUFFEUR COMMITS ASSAULT AND BATTERY

Judge Cooper in circuit court this forenoon found Masaki, amateur chauffeur, guilty of heedless driving, and will sentence him tomorrow.

Masaki, who drives machine 465, for Blanche Martin, was on April 1 going down Fort street when a Rapid Transit car was coming up.

Between the car and the curb Mrs. Kaleiali, a sister of James Boyd, who was either standing, waiting for the approaching trolley car, or was in the act of walking from the curb to board the car.

In any event Masaki's machine bumped into the lady, who is advancing in years, tumbled her over and, as is alleged by some witnesses, the right forward wheel went over the small of her back. She was laid up two weeks, suffering much.

McGrew of the customs and census departments, was the star witness for the prosecution. His testimony was clear and emphatic. He was getting off the trolley car when he saw the accident. He started to rush to the assistance of the lady, but she had been helped up before he reached her.

Masaki had been running the car less than a month and was an amateur at the business. He had no license. Nevertheless he was going very slow and there seems to have been an unhappy confusion of understanding, or a lack of understanding between the green chauffeur and the lady in the street.

He tried to get between the lady and the car and the lady got the worst of the deal.

Judge Cooper advanced the proposition that such cases could be considered as would be considered cases of assault and battery. The assault was evident and it was up to the defendant to prove justification. In this the defendant apparently failed, hence the judgment of guilty, and sentence comes tomorrow.

Masaki was fined \$100 in police court. He appealed, and his ultimate sentence will be known tomorrow.

Samuel F. Chillingworth, attorney, represented defendant. City and County Attorney Cathcart prosecuted. H. T. Lake prepared the evidence for the prosecution.

CLUNEY INDICTED FOR KILLING AGED FATHER OF SEVEN

Territorial grand jury late yesterday afternoon made report to Judge Cooper of the circuit court, filing one indictment which was ordered placed on the secret file.

Early this afternoon it developed that a warrant had been served on Edward Cluney, chauffeur, to appear before Judge Cooper at 2 o'clock this afternoon, on said indictment which charges him with the killing of an aged Portuguese, John De Mello Barboza, while Cluney is alleged to have been racing with his machine on King street at a rate between 40 and 50 miles an hour striking and killing the old man when he was in the middle of the road a few yards Waiiki of the main entrance of the Kamehameha Boys School.

It was in the afternoon of May 16 that the killing occurred.

At the inquest it was testified that the old man was zig-zagging across the road and Cluney himself says that he could not avoid the accident.

Nevertheless the grand jury of the Territory, which was in session yesterday, has found it necessary to bring in a true bill, believing there is sufficient evidence to require a trial of Cluney whose machine was running at a high rate of speed, resulting in the death of the old man mentioned.

Barboza leaves seven children. This was the only indictment returned by the grand jury. The jury will meet again next week.

Three hundred have already departed with all their belongings. The scenes which attended the expulsion are harrowing in the extreme.

Many have no idea where they will find abiding places and the associations of lifetimes are severed with cruel force and pathetic inevitableness.

The authorities are proceeding without discrimination, acting on the orders that all who are Jews must go.

SHERIFF AROUSED AGAINST SPEEDERS

"As soon as I receive word from the City and County clerk that I can appoint a motorcycle officer, I will appoint Wm. Chilton, whose one duty will be to look out for and arrest automobilists and motorcyclists, regardless of who they are," said Sheriff Jarrett this morning.

"I am tired of trying to do anything with the small force that I have on hand to see that the laws of the city are not violated, and I do not propose to have people say that I am not anxious to arrest speeders because I am liable to arrest some of the rich and influential members of the community."

"When I took my oath as Sheriff, I swore to do everything in my power to arrest evil doers and I intend to do it regardless of what influence is brought to bear with me to protect the rich members of society. Automobile speeding has got to be stopped and I intend to take every step to see that the guilty are brought to justice for their violations of the automobile ordinance."

"Complaints are coming in every day about speeders on the public highways. I will go out myself, if necessary, and watch for the machines. I understand that I was given authority at the last meeting of the Board of Supervisors to appoint a motorcycle officer, but so far have received no word that the necessary money is on hand to pay the salary."

"The way some people drive their automobiles is a disgrace."

SCULLY AFTER BIG GAME

Manager McIntosh has not yet agreed to the terms offered by Jack Scully, who will have charge of the boxing exhibition that will be given by Tommy Burns and Lang, with Bob Fitzsimmons as referee, when the S. S. Marama arrives, but it is almost certain that after Scully has had an interview with a prominent local man this afternoon, and after another cable that the terms already offered, he will be acceptable to McIntosh and his three well known men.

Scully received word last night by cable that the terms already offered were not satisfactory, but new terms have been prepared by Scully.

Scully has not decided where the

exhibition will be held, but he will have it at either the Princess rink or the Athletic park. Seats will be placed on sale as soon as he hears by cable. Every one who cares for boxing seems to be very anxious to see these well known men in action, and if the affair is assured it is safe to say that Scully will be rewarded for his trouble by having the largest crowd ever present at a boxing match in Honolulu.
